

Maintenance and repair

Basic or Service Plus package

With our maintenance and service package, we provide all the services necessary for achieving the maximum availability of your wind energy system: from maintenance to quick rectification of faults and technical documentation.

We are not tied to specific manufacturers, however, we are focussed on the equipments from the following companies: Senvion (REpower), Nordex, Fuhrländer, DeWind, NEG Micon, WindWorld.

Our services at a glance:

- Scheduled maintenance and repair
- 24 hours / 365 days remote monitoring
- Troubleshooting
- Customised maintenance strategies
- Spare parts stock
- Optimisation of installation engineering
- Customised contract concepts

All the services can either be booked individually or as packages:

- Basic
- Service Plus
